Unique Spaces to Fit Your Occasion

The Third Floor / Curry Room

Our top floor will certainly leave a lasting impression with its 25 foot high vaulted ceiling and unique wood elements. For larger groups up to **80 guests**, you will have the entire floor with a beautiful view of the mezzanine, your own private bar, restrooms and an elevator giving easy access. For smaller groups up to **28 guests**, the private Curry Room can become a separate intimate space giving you a unique atmosphere that includes high ceilings and beautiful posts & beams.

The Curry Room

The Swatara Room

Looking for a warm, handsome space for your next party or event? Located on the first floor, The Swatara Room is perfect for corporate events or private parties with up to **32 guests**.

A stone wall, beamed ceiling, and working fireplace give it a cozy feel. Large doors can be closed for privacy, and like all private event spaces in the restaurant, it's easy to include audio-visual resources.

The Patio at 810

From early Spring to late Fall, our lush fully covered outdoor patio is great for seated gatherings up to **45 guests** or a more casual mix-and-mingle **up to 60**. Enjoy the fireplace and open-air atmosphere, while shades and ceiling fans ensure you stay cool and comfortable, even on the hottest summer days. This space is perfect for showers, rehearsals, anniversaries, and more!

Food and Beverage

Food Options

The Mill offers both plated and stationed menu options tailored to meet the specific requirements of our guests for all occasions. Renowned for the quality of our food, we've been recognized as one of the best in Hershey for over ten years. Whether you're hosting a casual gathering with appetizers and drinks or a formal sit-down business or social event, we provide a variety of scratch kitchen menus designed to suit all preferences.

Drink Options

We offer a wide range of beverage options from extensive beer and wine selections to our award-winning handcrafted cocktails made with fresh ingredients and premium spirits. We realize every party is different on what drink options you want to provide your guests. We work with you on a custom drink menu that fits your budget and offer upgrades such as private bartenders to custom beverage stations.

Full Restaurant Buyout Available!

For the ultimate event, a complete buyout of the building is available! Whether a large business event or a full scale wedding, you will have exclusive access to the entire venue - featuring four bars, all three unique floors along with the covered patio. This buyout also gives you an option to work with our chef to create a personalized scratch menu that allows you to craft an unforgettable experience for your guests.

A full buyout is a great option where you can maximize your creativity on every floor to customize a truly special event!

A rustic stone wall serves as the background. A dark, rectangular sign hangs from chains, featuring a white silhouette of a mill and the text 'the mill' in a serif font. Below the sign, a clear glass vase with a star pattern holds a bouquet of purple and white flowers.
